Integrated Public Alert Platform

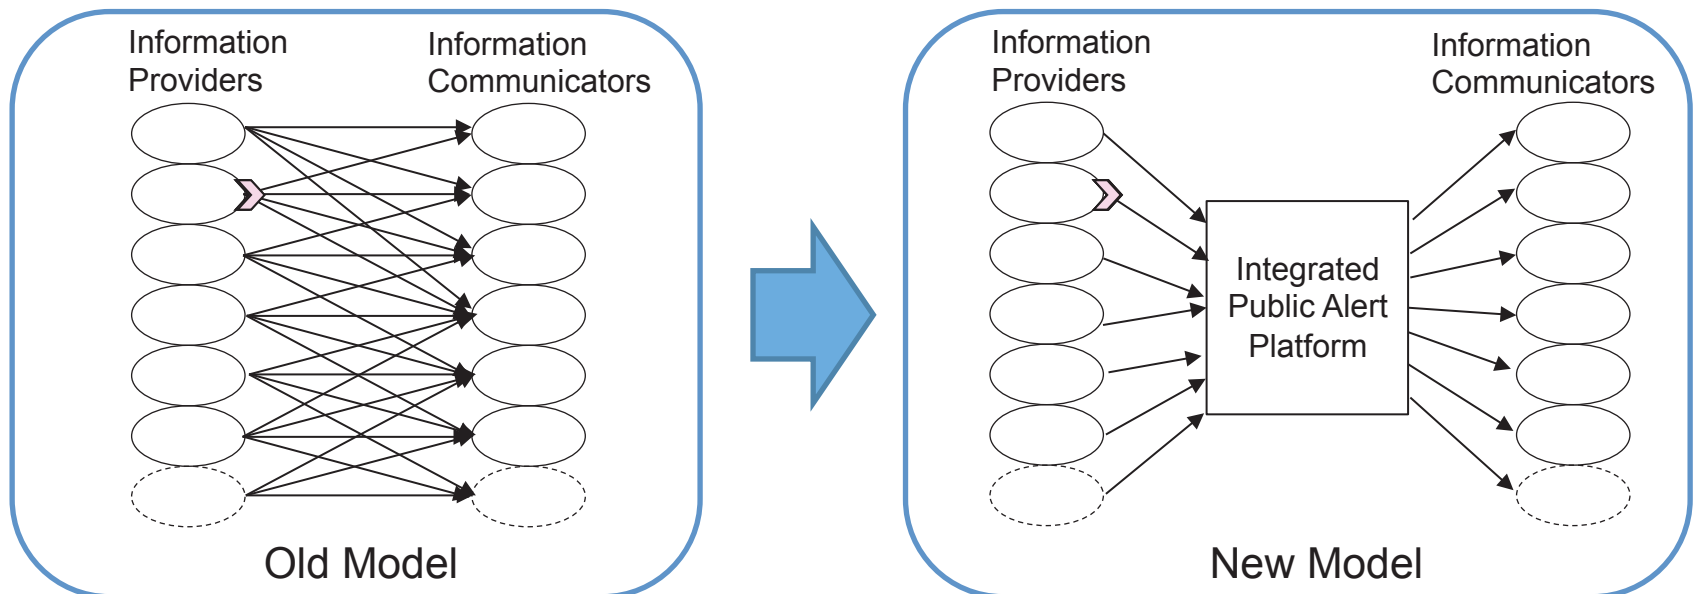

1. FMMC and the Integrated Public Alert Platform

1) About FMMC

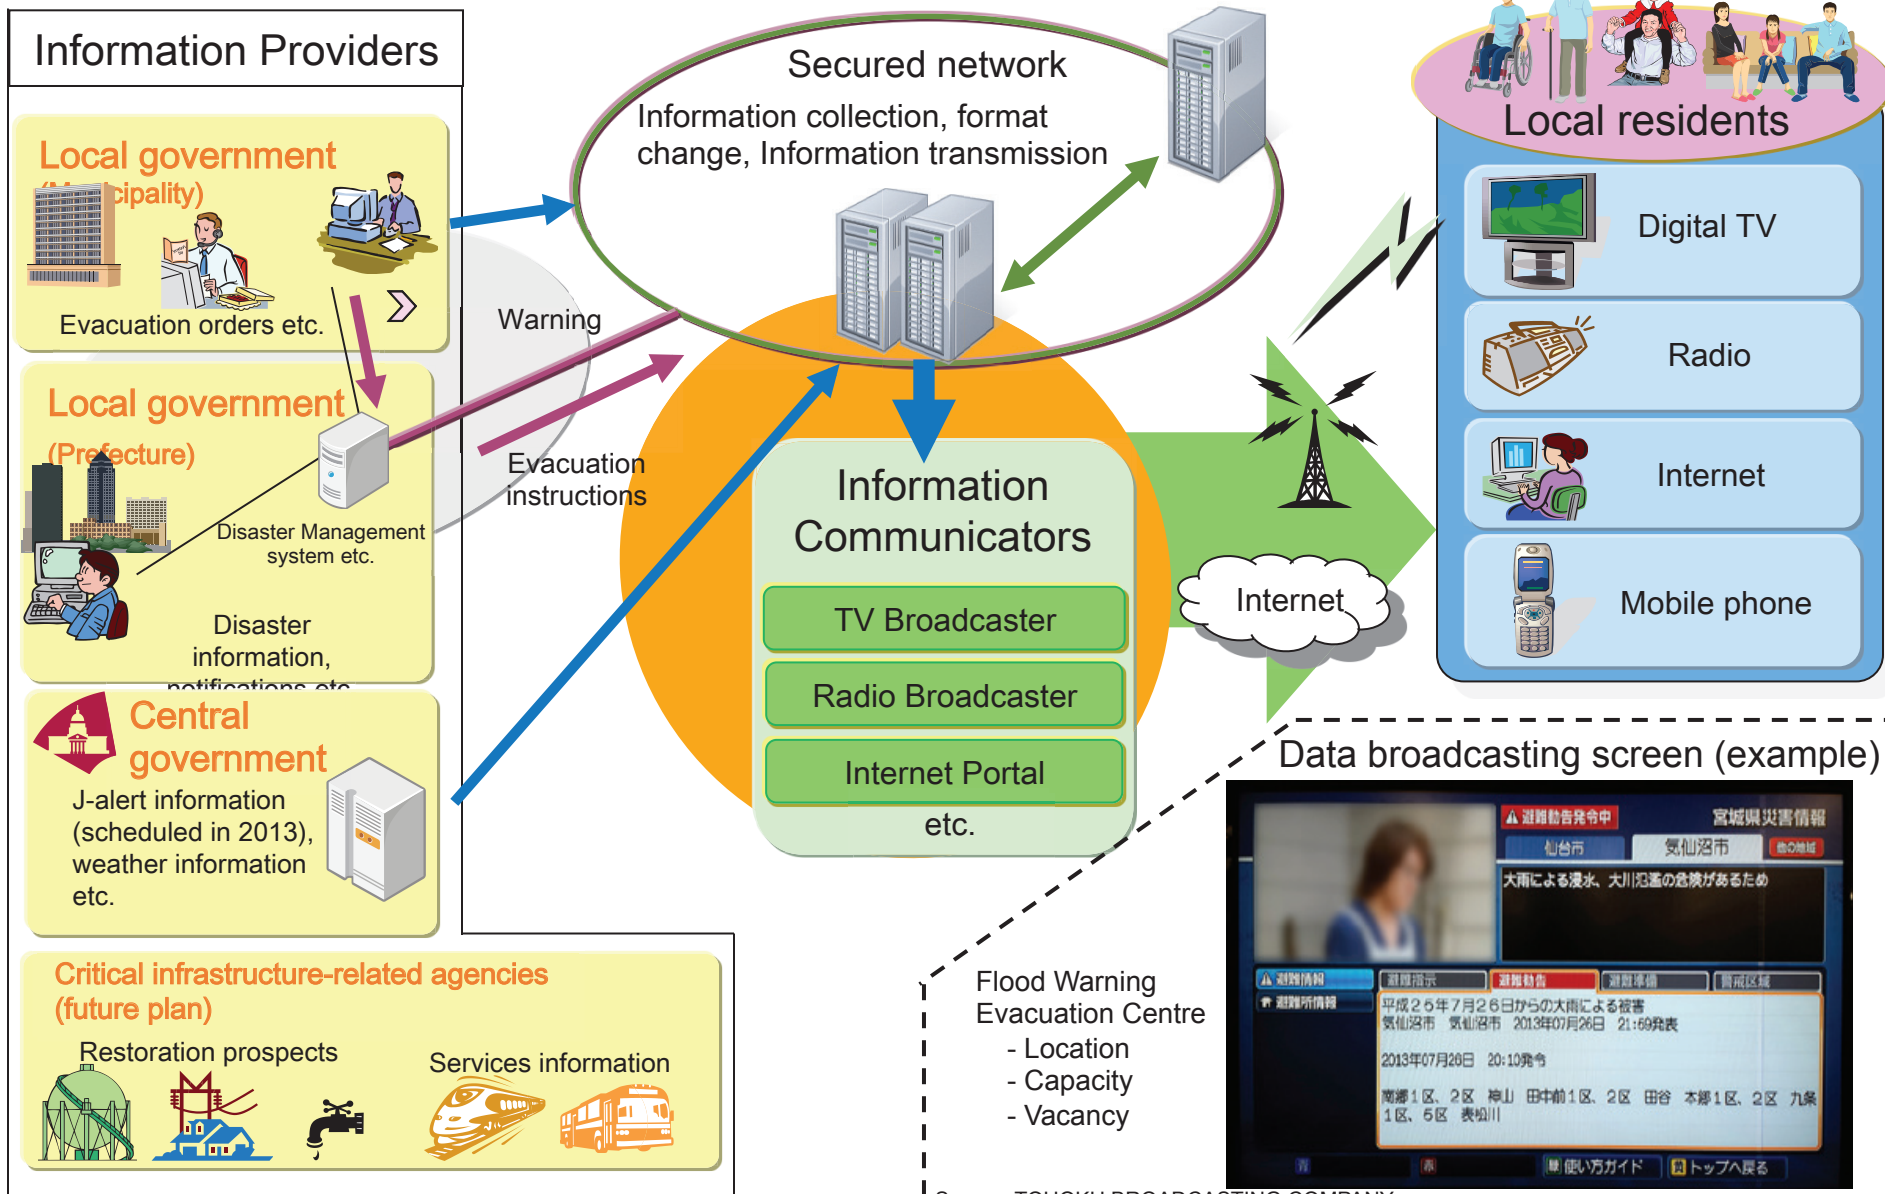

- FMMC is a public-purpose organization specializing in research in the ICT field.
- FMMC is operating a Japanese public alert system, collaborating with both the public sector and the private sector.

2) Integrated Public Alert Platform

- An efficient method for communications in the event of an emergency
- A swift provision and update of disaster information
- An effective use of ICT

2. Function and operation of the Integrated Public Alert Platform
