## ...enjoying information.....Seamless Mobility

**Anything,  
Anytime,  
Anywhere**

## Converging platforms... ..Seamless Mobility

- For Governments: education, security (civil biometrics) , ...
- For Enterprises: competitiveness, ...
- For Consumers: rich contents, ...

**Inclusion... ...Access for all**

e-government  
e-learning  
e-health

Fixed lines and mobiles per 1000 Population

High Income Countries	100%
Latin America & Caribbean	100%
East Asia & Pacific	97%
Middle East & North Africa	92%
South Asia	81%

Image of the past?

**I-2010 Information space, Innovation and Investment, Inclusion,...**  
...Seamless Mobility

- Today momentum calls for ubiquitous communication
- Building on GSM success and broadband rise
- Deployment of new "tech": WiMax, DVB-H, FTTH,...
- Achieving security and data protection is a priority

Seamless Mobility is a long-established EU policy goal

- Council Decision 1336/97/EC
- Lisbon Strategy
- EU 2004
- KOK Report 11/2004
- i2010 Program

**Challenges \*...**

- Convergence within an IP world  
*Anytime, Anything, Anywhere*
- Policy and regulation enablers
- e-inclusion and citizenship

**Seamless Mobility proposals...**

- Interoperability
- More spectrum for multi usage
- Flexible spectrum
- Faster Framework implementation
- Proactive policy
- Flexible regulation,
- New technologies deployment
- Broadband (wireless, fiber) access
- Remove VoIP barriers

**Seamless Mobility to enable Knowledge Society**

\* Public Consultation on Information Society strategy January 2005

**Seamless Mobility.....enables i-2010**

- The key is access to rich content to drive uptake, providing enhanced economic and societal benefits
- Convergence is a critical concept to allow multi-form delivery of services
- Seamless Mobility is the real-world approach to bring it all together and make it happen for everyone

**THANK YOU!**
