

# French Initiatives in e-Health: New Dialogues for new Challenges

---

Robert PICARD

CGTI

# E Health : The Questions

---

Not :

« What is at stake ? »

(It's well known...)

But :

« How ITC can help ? »

« Who will contribute ? »

« What are the conditions ? »

# To tackle the Issue...

---

- Dialog at Minister level

Health & Industry

- A Mandate for

- CGTI (french ITC Council)
- HAS (french Health Authority)

to address jointly these questions

# An on-going Process

---

- Meetings with actors
  - 40 firms (Key Players and small businesses)
  - 6 Professional organizations
- Enquiry about the market (present and future, France and worldwide)
- Support from Scholars (Management Sciences & Economy)

# First (still intangibles) Results

---

- High level of participation/involvement
- Agreed list of market « Barriers », to be removed
- Business contacts, mutual understanding (including within the industry itself)

# Thank You !

---
