

Sustainable e-Inclusion in a Mobile World

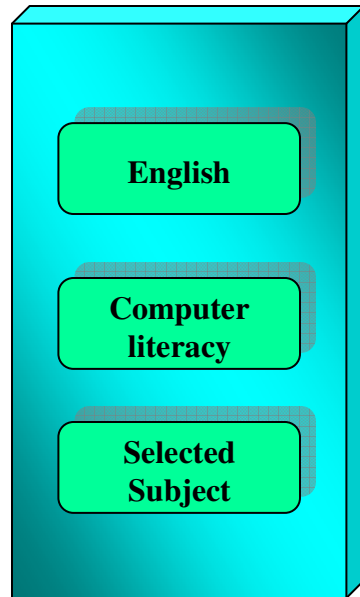

www.sustainable-eSchool.net

Eyal Bloch co-Founder Institute for Sustainability

Philippe Scheimann Chief Technologist Politech Institute

Sustainable-eSchool.net

offers future-oriented programs, centered on human, ethical & practical questions rising from current issues based upon combination of existing programs & organizations

Sustainability

Guiding Principles

e-I & I

e-Dialogue

e-Inclusion

Initiative

Guiding Principles

- Interdisciplinary learning combining historical, social, psychological and artistic aspects
- Multicultural dialogue, with listening to and acceptance of the “other”, governed by the rules of **Netiquette**
- The formulation of personal and community identity
- Examining the significance of communal and national affiliation
- Personal and group research using online databases

Initiative

e-Id & I

Sense of Self: mobile interconnection of real & virtual fragmented identities

- Self-Consciousness: e-Id in Social Networks e.g. FaceBook, Avatars in Second Life, video games, blog, songs, favorites...
- My Mobile 
- e-Id created by others (gvt, business, people...)

Ahmed a German high school student born in Beirut, visits his grandparents grave in Haifa; the real part of e-Dialogue.

e-Dialogue

e-Inclusion

Initiative

An e-dialogue prepares the way for meaningful heritage research & discoveries

e-Dialogue between mother and daughter

Adva: I am very impressed by your openness and the courage to stand for your opinion despite the grandfather ideas ...

Michal (Adva's mother): I am also impressed by your involvements and that you opened the door for other parents to get involved. My mother was born in...
