

Global Forum 2014 Organizers

Items International is an international consulting firm based in Paris, dedicated to Information & Communication Technologies strategies. ITEMS International is specialized in digital technologies and services: broadband, Internet, broadcast and software.

ITEMS proposes a various range of consulting assistance: Strategic studies, Market analysis, International benchmarks, Technological Analysis, Business plans, Due diligence, Roll out assistance.

Created in 1994, the company has a long experience in strategic and marketing consulting, networking, knowledge sharing and transfer. ITEMS has launched a strategic activity in smart grids and smart cities (including contactless, open data, e-Gov, mobility and smart energy). ITEMS operates with public and private institutions, including the European Commission and the French government.

The different backgrounds and the versatility of our consultants lead to a unique company's expertise in the areas of ICT strategies, project management, services and usages.

WITH THE SUPPORT OF

POST TENEBRAS LUX

STATE OF GENEVA

The State Council of the Republic and canton of Geneva is the Executive body. It is composed of seven departments managed by State councillors elected for five years.
