**Everywear Games**

**Smartly.io**

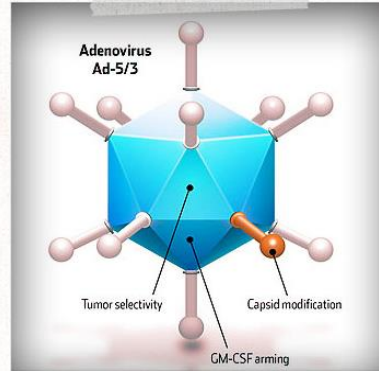

**Tekes**

### Supercell

The king of mobile gaming with Clash of Clans and Hay Day

### Oncos Therapeutics

Next generation cancer therapies based on oncolytic viruses

### Neste Oil

Environmental friendly biofuel from renewables

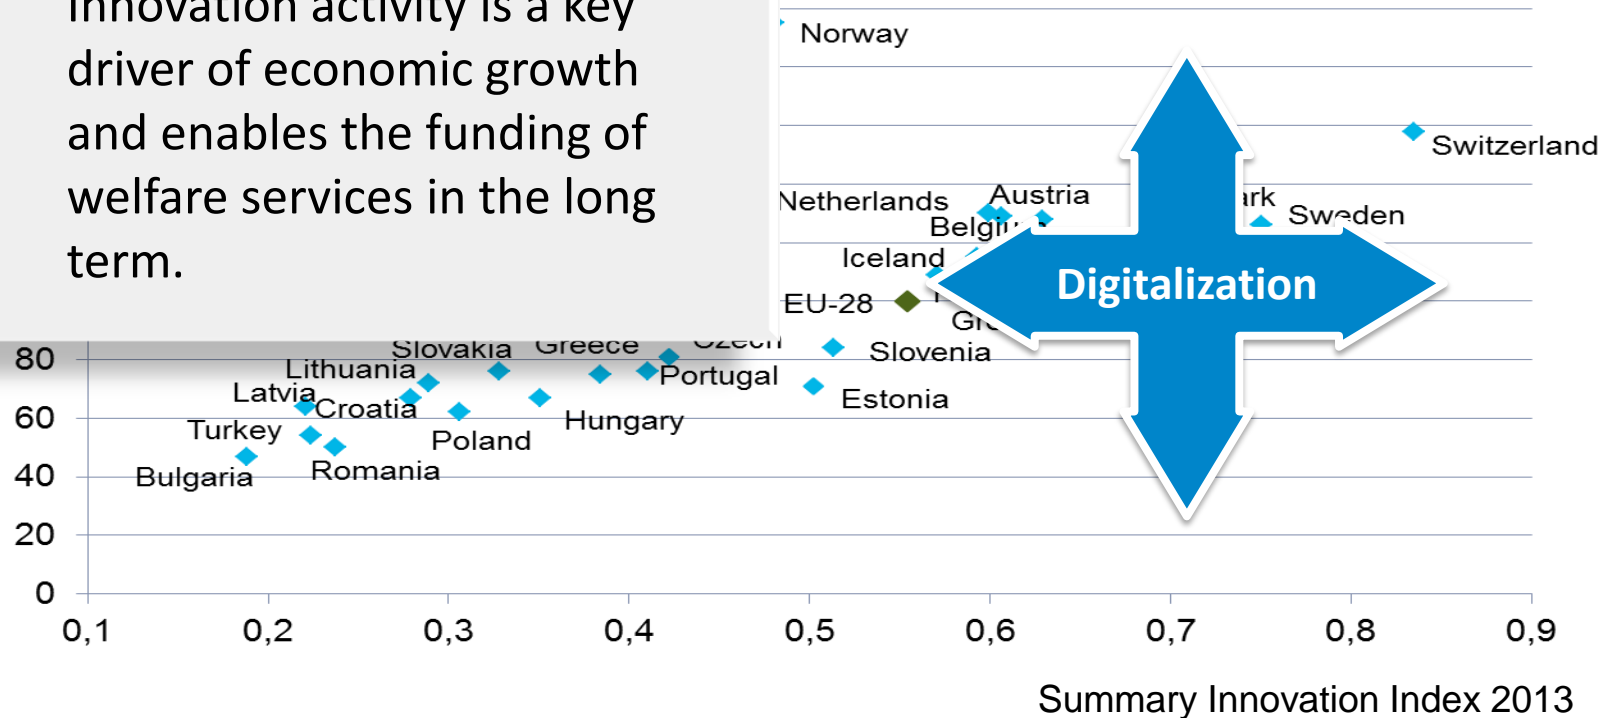

### Innojok

A global brand for design bright light lamps

Innovations are drivers for future wellbeing

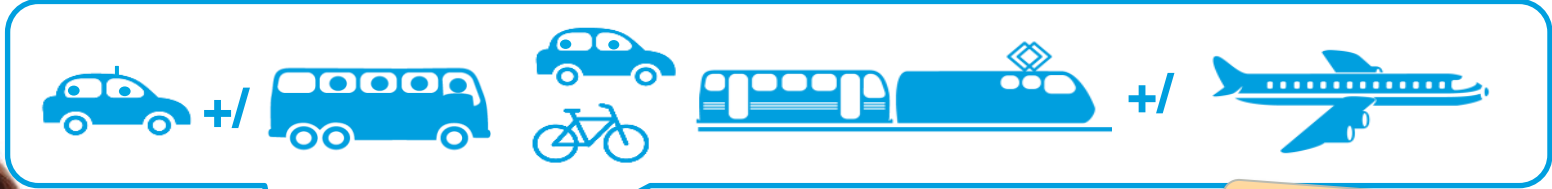

# Correlation between innovation and GDP

Innovation activity is a key driver of economic growth and enables the funding of welfare services in the long term.

Source: European Innovation Scoreboard 2014; Eurostat

# Mobility as a Service

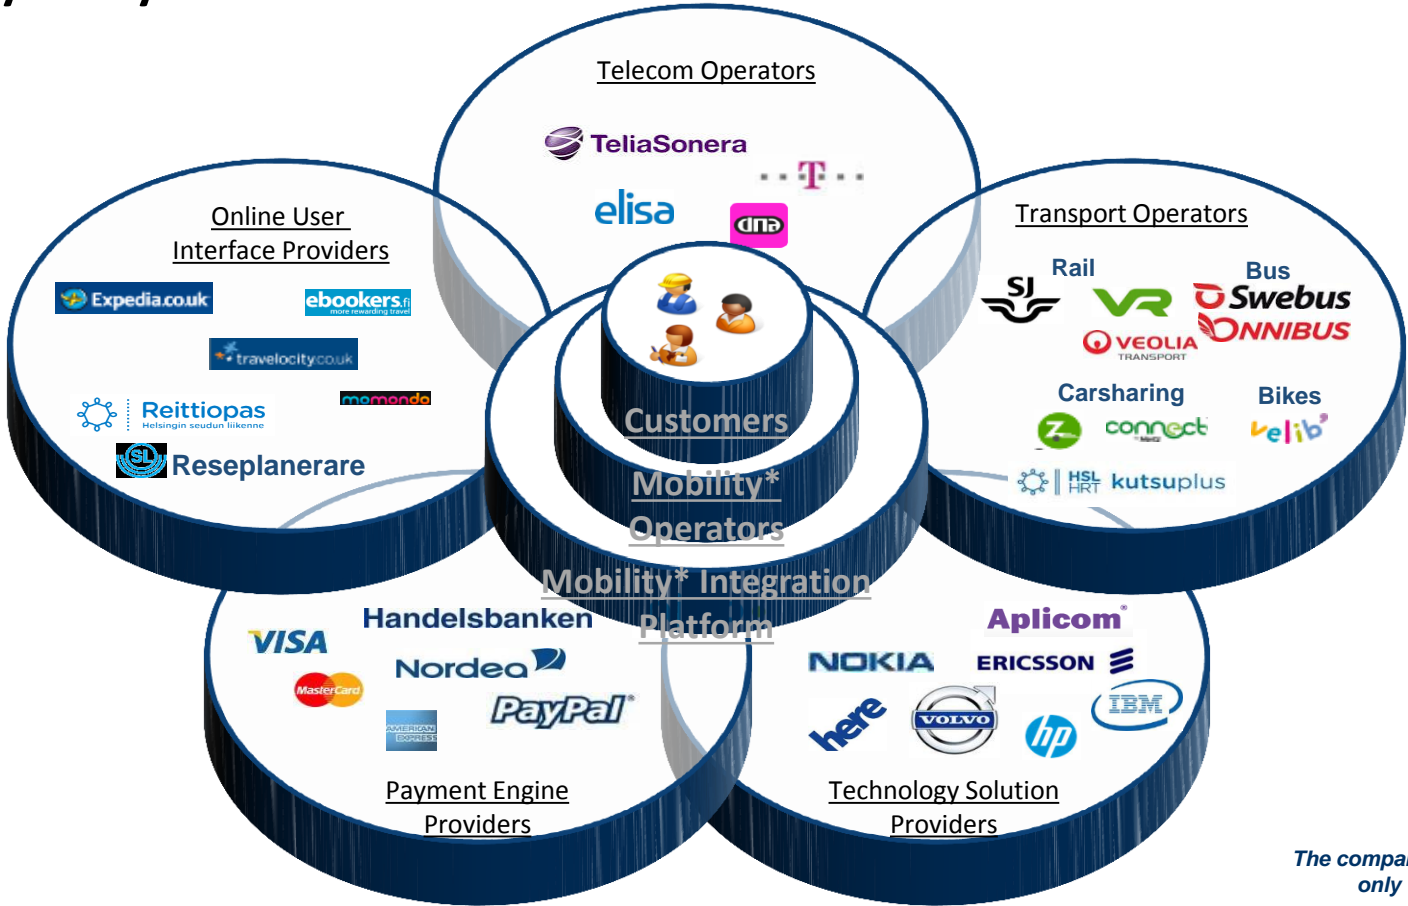

EXAMPLE

**“Get anywhere” mobility package  
for 300 €/month:**

- Transportation from A to B according to a service-level agreement (e.g. pickup in 7 minutes)
- Including all transportation (regional public transport, taxi, car and ride sharing, bike sharing etc.)
- Including transport related services (city logistics, home deliveries etc.)
- Roaming in other cities and countries

# Mobility ecosystem

*The company logos mentioned are only for descriptive purpose*

*\*) Note: Illustrated from Mobility point of view, could be also Health, Retail etc.*

# Thank You

Mika Lautanala
