

THE INTERNATIONAL THINK-TANK
ON THE DIGITAL FUTURE

**THE DIGITAL
TRANSFORMATION
IN THE BROADER
ECOSYSTEM**

Designing New Practices for
Innovation, Growth & Social
Prosperity

Monday 5th & Tuesday 6th,
November 2018
Copenhagen, Denmark

Key decision-makers & Experts will be gathered at the
Global Forum/Shaping the Future 2018 in Copenhagen, Denmark on
Monday 5th & Tuesday 6th, November 2018 for:
THE DIGITAL TRANSFORMATION IN THE BROADER ECOSYSTEM
Designing New Practices for Innovation, Growth & Social Prosperity

The Global Forum/Shaping the Future is an annual, international, high profile, thought-provoking and self-sustained Think tank. It is dedicated to business, policy and strategy issues affecting the Digital Economy. It gathers and provides a platform networking each year around 250 participants from more than 30 countries from the public and private sectors.

The Global Forum 2018 is organized in Copenhagen, on November Monday 5th & Tuesday 6th. This 27th edition is organized with the City of Copenhagen and the support of the Danish Agency for Data Supply & Efficiency, the Telecom Industry Association and the Danish Business Authorities.

It allows knowledge exchanges and networking among governments, private and public organizations, research and development experts.

The agenda is composed of diverse sessions and topics dedicated to business and policy issues that affect the evolution of the digital economy: Future Visions, Transformative Infrastructures, Safety & Security in an Interconnected Society & Economy, Role of Artificial Intelligence & Data, 21st Century Regulatory Framework, The Value of Innovation, Smart & Intelligent Cities, Regions & Communities, Digitalization in Healthcare, Industry 4.0, Agriculture, Digital Cyber Ecosystem in support of sustainable development, Women in Digital Services.

Who is joining? High level executives, decision-makers, experts & practitioners in the digital field:

- Senior Officials from worldwide Ministries, local & regional governments.
- Representatives from International Organizations such as the European Commission, ENISA, ETSI, GSMA, ICANN, ITU, Worldbank, WTO...
- Fixed & Mobile Providers Telecom, Satellite, Broadband, Internet, Wireless
- Equipment and Software Providers, Computing Companies, Media Companies
- Content and Information Providers (e-Business, e-Content, e-Government, e-Health, e-Learning, Smart Cities, Banking, Insurance, Security, Agriculture...)
- Others: Universities, R&D Centers and Clusters, Lawyers, Regulators.....

Global Forum strong points:

- Provides a neutral platform for networking and discussion of latest developments in the Information & Communication Technology (ICT) sectors with different points of views
- Invitation only event to favor direct & informal meetings
- A think tank for synergies, debates, networking, and cooperation and thus assists in connecting practical applications and innovative ideas and boosting innovative projects
- An important & relevant program with each session gathering some of the world's top experts and presenting best practices at the international level
- Adding to the intellectual stimulus, each edition of the Global Forum is enriched by cultural events
