

# The Global Stakes of Space Policy

Jean-Yves Le Gall

Global Forum  
Shaping the Future 2022

Muscat  
Monday 17 October 2022

## Competition then stability (1957-2010)

The Sputnik shock and the race to the Moon

Science, Earth observation and telecommunications

International Space Station

Shaping the Future 2022  
Föreningen Global Forum

# 65 Years in Space

Under the High-Patronage of  
الجمعية العمانية للخدمات النفطية  
Oman Society for Petroleum Services

A new era since 2010

Miniaturization and digital

Private initiatives

Increasing number of players

## Big legacy players

U.S, China, Europe, Japan, India, Russia (Ukraine)

Traditional agencies are adapting

New agencies are different

# New Landscape

## Initiatives in all directions

Private funding

Launchers, constellations

Applications

## The global stakes

Vital access to space

The weight of “big projects”

The potential of applications

# The Global Stakes of Space Policy
